

Is the
Bible
relevant
in this
day and
age?

Yes! It
teaches us
how to
heal!

“Practicing Christian healing today”

Learn how the teachings
of the Bible can be applied
in the 21st century

Tuesday, May 7th

7:30 pm

Mary Alice Rose's interest in science and technology led to a 20-year career in different areas of applied physical science. Her work ranged from a meteorologist for the National Severe Storms Laboratory to a manager developing the ground system for the Hubble Space Telescope. In 2002, Rose made the transition from manager, engineer, and earth scientist to the full-time ministry as a Christian Science practitioner. She is now an authorized teacher of this Science and a member of the Christian Science Board of Lectureship.

Rose travels from her home in Brookeville, Maryland.

This lecture is sponsored by First Church of Christ, Scientist, Great Falls
